*Example fabric application "Lucky" on chair-executive model "Alumina" manufactured by OMP S.r.l.
Esempio di applicazione del tessuto "Lucky" su poltrona direzionale modello "Alumina" prodotta da OMP S.r.l.*

ENG:

LUCKY: 100% Polyester High Tenacity, available in 22 variant colours, prompt delivery. Article LUCKY born as a new innovation in the upholstery fabrics. The polyester fiber with High Tenacity and the particular fabric construction, make a self supporting. This means that the fabric can be used as upholstery cloth, mono-frame chairs with no further support (facing) or as self supporting to be then covered with others materials (for example, leather cushion).

ITA:

LUCKY: 100% poliestere alta tenacità, disponibile in 22 varianti colore, pronta consegna. L'articolo LUCKY nasce come prodotto innovativo, l'utilizzo di una fibra poliestere ad alta tenacità e la particolare costruzione del tessuto, ne fanno un tessuto a struttura portante. Ciò significa che il tessuto può essere utilizzato oltre che per una classica tappezzeria, anche su monoscocche senza nessun sostegno ulteriore se non il solo utilizzo del tessuto (facciavista) oppure anche come portante per essere poi rivestito con altri materiali (cuscino in pelle per esempio).
